Institute Industry Cell

Institution - Industry Cell is established to bridge the gap between the institute and industry and thus enhancing the relationship among each other. This cell identifies the industrial expectation and promotes institutional preparation for meeting industrial needs by facilitating sponsored R&D projects, seminars, workshops and various other industrial training programmes. The aim of the cell is to make an effective contribution to the educational system by identifying the gap between academic curriculum and the need of the industry. It provides a platform for both the students as well as faculty members to be aware of industry expectations and skill sets required for students. Institution - Industry Cell promotes equipping faculty with latest practices and makes students industry-ready by providing exposure to current industry practices and honing their skills to adapt to changing technologies. The primary focus of the Institution - Industry Cell is to interact with elite industries across the country and establish partnerships with them.

OBJECTIVES OF IIC

1. To synchronize the quality of education to meet the current trends and needs of industry.
2. To produce employable students i.e., "Industry-Ready students."
3. To create adequate facilities for upgrading the knowledge of professional engineers and technologists to meet the growth and developmental needs of the current industry.
4. To integrate industrial training and other inputs to develop students.
5. To share the experience and expertise between institutions and industry for mutual benefits.
6. To improve students, faculty, infrastructure, pedagogy in line with the industry's requirements.
7. To arrange industrial visits, internships for students and guest faculty from industry experts.
8. To provide support to all the Department for Industry initiatives.
9. Forecast IT skill requirements of the industry based on business & technology trends.
10. Articulate key business hurdles that can be addressed by technology.
