## **Institute Industry Cell**

Institution - Industry Cell is established to bridge the gap between the institute and industry and thus enhancing the relationship among each other. This cell identifies the industrial expectation and promotes institutional preparation for meeting industrial needs by facilitating sponsored R&D projects, seminars, workshops and various other industrial training programmes. The aim of the cell is to make an effective contribution to educational system identifying the gap between academic curriculum and need of the industry. It provides a platform for both the students as well as faculty members to be aware of industry expectations of skill sets required for students. Institution - Industry Cell promotes in equipping faculty to latest practices and makes the students industry-ready by providing exposure to current industry practices and hone their skills to adapt changing technologies. The primary focus of Institution - Industry Cell is to interact with elite industries across the country and establish partnership them
